I'm ok with the draft...it doesn't really affect us here is R3 and I would defer to R5. I agree the Martinsburg stip should remain in effect. I don't think they should get a "clean slate" under an amended CD with respect to plants that aren't being affected by the revisions.

Essroc team:

Please review this DRAFT counter response to Essroc's offer and send comments to Elliott Rockler, Shaun Burke, and Seema Kakade, asap. We want to get this out by Wed COB if possible. Region 2, if your letter on stips hasn't gone out as yet, we should send before sending this letter.

Thanks.

Seema
